J. L. CHARLES

Enclosed is a recent report from Jet Lincoln (3/8/91) on research projects he has been responsible for funding. I call your attention to the Meyer Friedman work. Jet continues to advocate funding beyond the current cut-off of November 1992.

Also enclosed is a memo from Jet (7/1/91) arguing for the Friedman project, with comments about other research. I talked

I would like to meet with Jet,
 after you and discuss his views on
 what research we should be funding and to discuss the Friedman
 work further.

Please give me a call so we can pick a mutually convenient
 date and I will then call Jet.

Thanks.
